

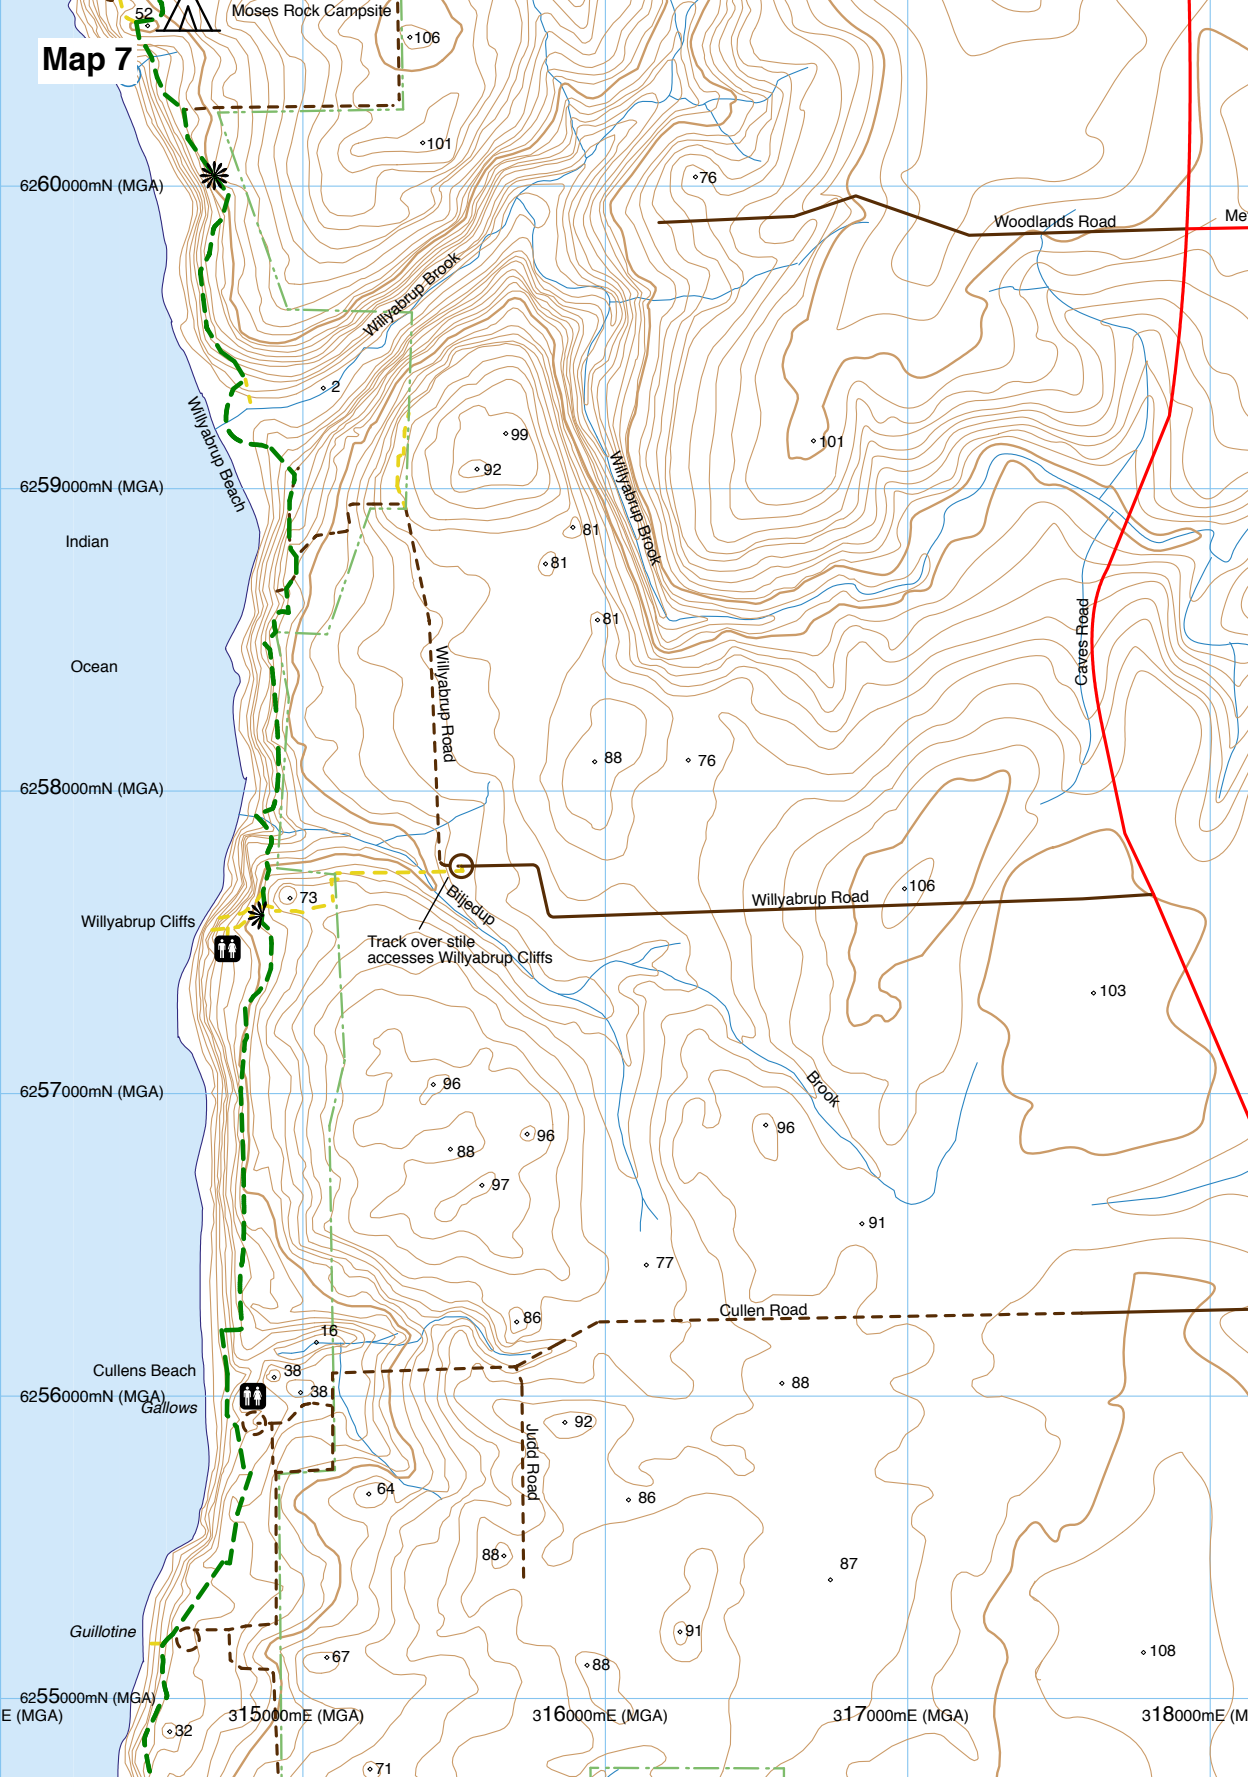

Map 7

Map 7/8: Wilyabrup Brook to Veryiuca Brook – 7.0 km

Access

- Wilyabrup Beach – Wilyabrup Road, 2.5 km of gravel from Caves Road, then very rough 4WD for 2 km.
- Wilyabrup Cliffs – climbers’ footpath (0.75 km), starting 2.5 km down Wilyabrup Road (gravel) – from parking area, over stile on south side of road.
- Cullens Beach – Juniper Road, 3.75 km from Caves Road (gravel/sealed), then 2 km (4WD); or Cullen Road, 2 km (gravel), then 1 km (4WD)

Crossing Wilyabrup Brook during medium flow. Carefully wading across further upstream would be easier and safer

Facilities

- Wilyabrup Cliffs – toilet, limited tank water
- Gallows Beach - composting toilet

Water

- Biljedup Brook – runs most of the year
- Veryiuca Brook – unreliable in summer.
- Wilyabrup Cliffs – small rainwater tank, much used by climbers, so depleted quickly after heavy use. Do not rely on this water source.

Walkers heading for the south exit from Wilyabrup Beach. Wilyabrup Cliffs loom in the distance

Description

Wilyabrup Brook to Biljedup Brook (2 km)

About 130 m south of Wilyabrup Brook, climb up through the dunes to the 4WD track, and take this for 0.3 km, till you reach the first junction right, to the south. This short 4WD track ends above the cliffs, and the way on is up some steps to the left, through boggy sedgeland. From here, follow a narrow path along the cliff-top, and enjoy superb views of the massive granite-gneiss
