

## Vehicle access points along the Cape to Cape Track

This table lists the points along the Cape to Cape Track that you can access by car. When a Track sector runs along a vehicle track I refer to the first point where a vehicle enters that sector.

The Map Number and Page Number refers to the maps in *The Cape to Cape Track Guidebook*, 8<sup>th</sup> edition.

I indicate the type of vehicle I recommend as follows:

2 = a two-wheel drive vehicle on a made bitumen ,

3 = a not too-precious two-wheel drive vehicle and an experienced off-road driver,

4 = a 4WD vehicle.
